

HAYUTIN

A young girl with brown hair, wearing a grey and yellow striped sweater, is smiling and looking at an open book. A woman with dark curly hair, wearing a blue sweater, is leaning over her, also smiling and looking at the book. They are both holding the book, which is open to a page with text. The background is a plain, light-colored wall.

ACADEMIC OFFERINGS
SUMMER 2026

TABLE OF *contents*

- 2 A Note from the Directors
- 3 Test Prep
- 4 College Consulting
- 5 Independent Study / Grade Recovery
- 6 Reading
- 7 Writing
- 8 Math
- 9 Educational Assessment
- 10 Executive Function
- 11 Personalized Passion Projects

A Welcome Note From the Directors

Water-wrinkled fingers and toes from magical hours of pool time.

Sleepaway camps and internships for the go-getters, pajamas after 10am for everyone else.

We all want and deserve a restorative, relaxing summer for ourselves and our children!

Developing brains deserve quality time—the kind that comes from positive learning experiences with passionate educators.

So in between those day trips, overnights and longer adventures to anywhere and everywhere, we're here to keep those big, beautiful brains humming right along.

Please have a look at our summer academic offerings for lighter learning touches and deeper dives of intensive study. From individualized courses for academic credit to personalized passion projects, we love curating meaningful educational experiences to complement even the busiest schedule.

We hope you'll schedule a call with one of our directors to make sure your learners are both revitalized and ready for a great school year next fall.

Best wishes,
The Hayutin Family

Test Prep

More students will face standardized tests this fall than in recent years.

As K-12 and college admissions landscapes continue to evolve, exams like the ISEE and SAT/ACT are making a comeback.

Let's design a custom test prep plan together.

- ERB & state test prep
- ISEE & HSPT prep
- ACT & SAT prep
- Essential Skills
 - Vocabulary development and reading comprehension
 - Timed writing
 - Math review, preview and placement exams
 - Executive functioning and study skills

It's time to learn more about testing trends and changes in your county.

College Consulting

We provide expert guidance for every step of the college process.

- Balanced college list building
- Course and extracurricular advising
- Strategic storytelling and positioning
- Personalized timeline for application completion
- Essay review and feedback
- Application support from beginning to end
- Modular and full-process options

Summer is the best time to finalize the list, draft essays, and start the Common App to reduce stress for senior year!

Independent Study & Summer School Credit

Summer is the perfect time for enrichment classes and credit recovery! Hayutin partners with accredited online schools and provides individualized, tailored instruction. Whether you want to fill in a missing credit, retake a course to boost your college GPA, or accelerate a level in a specific subject area, our expert team of tutors and consultants is here to help.

We collaborate with families to build custom academic pathways.

Independent study empowers students to take control of their learning in a one-on-one setting and push their learning to new heights.

- Robust list of class offerings, including honors and AP courses
- Single semester and full year courses available
- WASC, Cognia, UC and NCAA approved courses

Reading Remediation

Need a reading boost?

Summer is the perfect opportunity for students to make gains in reading and close any gaps before the start of the school year.

We provide intensive, structured literacy instruction that addresses decoding, oral reading fluency, and comprehension. Our one-on-one summer intensives are customized to address your student's specific needs and boost confidence.

Let's nourish your child's love of reading.

- Active reading strategies
- Required summer reading
- Novel study and in-depth discussion
- Exploring literary genres
- Book clubs (individual or group)
- Critical thinking skills

Reading Enrichment

Is writing a struggle?

One-on-one instruction will boost their confidence and skills. Our educators work with each student to develop strategies.

- A structured approach to the writing process
- Explanatory, argumentative, research and narrative styles
- Grammar, punctuation, editing and vocabulary development

Writing Remediation

Writing Enrichment

Take your writing to the next level.

This summer, we will work to further develop your child's writing skills while fostering their passion for the process. Students will explore various creative writing genres and write, edit, and polish their literary works with the guidance and support. Executive function skill building is embedded in our approach. Students are invited to publish their writing in the summer edition of our literary magazine *Voices* at the end of the summer.

Math Remediation & Enrichment

Target opportunities for growth this summer.

Foundational skill building in math can address remote learning gaps.

Research-based programming

- Diagnostic assessment to determine skill level
- Review and preview of math concepts
- Get ahead or fill gaps
- Credit recovery
- Project-based math
- Critical thinking skills, logical reasoning and word problems

Customized Educational Assessment

Maximize learning with our personalized approach.

Areas of Focus

- Reading
- Writing
- Spelling
- Math
- Executive Functioning

Academic benchmark testing administered by an educational expert to design summer intervention.

Executive Functioning

Individualized Approach

- Identify challenge areas
- Set goals and establish manageable routines
- Fade supervision and foster autonomy
- Apply skills in real time to personal or academic summer projects

Targeted Outcomes

- Physical and digital organization
- Time management
- Goal-directed behavior
- Study skills
- Self-advocacy
- Stress reduction

Executive functioning is embedded into everything we do. We can make EF a strong summer focus in conjunction with our other summer offerings.

Personalized Passion Projects

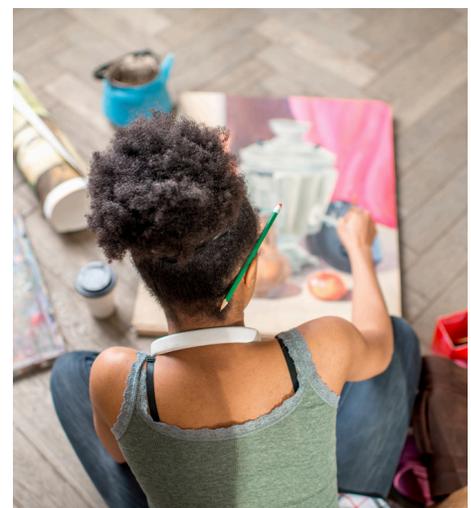

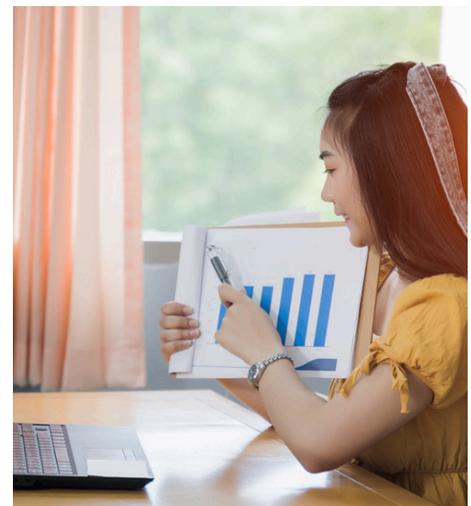

Engage your child in an enriching, customized project while building targeted skills in executive functioning, research, reading, writing, and STEAM.

Overview

- Identify passion
- Assess target skills
- Engage in a multimedia, cross-curricular exploration
- Create a culminating project

Sample Projects

- Research the engineering of roller coasters and build your own model roller coaster
- Deep dive into contemporary poetry and publish your own book of poems
- Tour virtual art museums and design your own sample exhibit
